Gesù Free Library

BLEURY ST., MONTREAL.

Any *bona fide* resident of Montreal, irrespective of class or creed, is entitled, under certain conditions, to draw books from the GESÙ FREE LIBRARY.

CONDITIONS.

If not personally known to the Librarians or Trustees as a freeholder, the applicant must present a written surety signed by some well-known responsible citizen or firm.

The name in full and the permanent address of the applicant must be registered, the agreement, as contained in the register, signed, and a catalogue purchased.

Should the applicant have no permanent residence, a deposit of one dollar may be required, unless the person signing the surety pledges himself or his firm to make good any damage or loss. A receipt for the deposit will be given and the money returned when the applicant ceases to draw books.

At the expiration of two months, if the book be not returned, the deposit shall be forfeited and a new book purchased.

After the registration is made and the agreement signed, a card entitling the applicant to draw books shall be given him on payment of one cent.

DRAWING OF BOOKS.

Duplicate slips, for ordering books, are furnished by the Library.

Both forms are to be filled in and both must bear the date (*month, day and year*), the full name of the applicant and his permanent address clearly written.

On these twin-slips ten books are to be set down by letter and number, the first of which will be given, if it be on the shelves, and if not, the second, and so on.

One form of the twin-slip is given to the card-holder with the book, the other is retained by the Librarian. On returning the book (which may be kept fifteen days), or on renewing the order for an extension of time, the slip must be presented with the card, **on the book,** to the receiving clerk, who records the return of the book on both the card and on the Library check book.

The card, with a new slip, may be then presented to the delivery clerks, and a new book drawn, or the old one taken out for fifteen days more.

FINES.

A fine of one cent a day is imposed on readers holding books longer than fifteen days, if payment be not made at once the card is punched, as a reminder, and if after fifteen days more the fine still remains unpaid, the card is taken up.

A fine of five cents is imposed for the loss of the check-slip.

When the card is lost, fifteen days (required to stop its use in other hands) must elapse, after notice has been given, before it can be replaced, which may be done by paying a fine of five cents.

When books are marked, soiled or mutilated while in the possession of a card-holder, the damage shall be fairly estimated by the presiding officer present and payment required as in case of fines.

The paper covers, with which the books are protected, are not to be removed even when torn. *No fine* is imposed when such covers are worn or soiled, except in the case when they are wantonly torn or disfigured. No attempt to replace the paper covers is to be made unless they be put on without paste, mucilage or glue.

BOOKS NOT RETURNED.

The Library Trustees are instructed to use every means available in law to recover from remiss borrowers missing volumes or their value.

The fact that the return of a book is not recorded on *both* the applicant's *card* and on the Library *check-book* is to be taken as proof that the book has not been returned to the Library. In other words, the card-holder is held responsible for the book when it cannot be shown by *both card and check-book* that the book has been returned. Receiving clerks will consequently check off the books returned in full view of the card-holder.

RESTRICTIONS.

There are several categories of books in the Library: 1. Books of ordinary value which are not out of print, and, consequently, easily replaced; 2. Single books of great value, or volumes belonging to a valuable set, which cannot be replaced unless a new and complete set be purchased; 3. And finally, works which, though containing much valuable information, are of such a nature as to preclude their being read by all classes of persons, irrespective of age or condition.

These books bear a distinctive mark for the direction of the librarians. Valuable books, and those forming a set, are for reference only, and are not to be taken from the hall unless the Trustees, apprised of the urgency of the case, consent. Their full value, however, or the value of the set, must be deposited by the applicant. Of such deposit he will be given a receipt and the sum refunded on the return of the books.

Books comprised in the third class are delivered to the applicant for reference only, or for home use, when he presents a written permit signed by the Director of the Library.

BOOKS FOR REFERENCE.

To be able to consult books of reference in the Library Hall, no card is required but a special slip is to be filled in.

GENERAL RECOMMENDATIONS.

Should it happen, that while a book is in the possession of a card-holder, any member of the family be stricken with an infectious disease, the book is to be returned not to the ordinary receiving clerks, but to the Director of the Library, that, while being assured of such return, he may have it removed from general circulation.

As the main object of this Library is to foster a love of Christian morality and belief, readers are earnestly requested to bring to the notice of the Director any objectionable passage they may meet with in any of the circulating library books.

All persons are requested to report any infractions of the Library rules that may come to their notice. The Trustees make this request in the belief that those who receive the benefit of this Library will cheerfully co-operate to prevent its destruction.

The form to be signed upon registration is as follows :

AGREEMENT.

" In signing this Register, I hereby agree to abide by the rules and regulations of the GESÙ FREE LIBRARY ; I promise not to soil, nor mutilate, nor otherwise injure books drawn by me, nor to lend them to persons outside my home-circle.

" I moreover agree to hold myself responsible for the loss of the books I may draw and do not return in the manner required by the rules of the Library, admitting as proof of their not being returned properly the fact of their not being marked as returned on both my card and on the Library check-book.

" I finally promise to pay all fines accruing from keeping books beyond time or for the loss of library slips or cards."

PREFACE TO THE THIRD EDITION

For many years previous to 1889, the want had been felt of additional reading facilities for the English-speaking population of Montreal. Early in that year, at a meeting of a few of the prominent ladies and gentlemen, Promoters of the League of the Sacred Heart, then recently inaugurated, it was resolved to undertake the formation of a Library.

The chief reason that impelled them to start this work was the want of something of the kind to counteract the evils occasioned by pernicious books and newspapers. It should be a Library reaching beyond parochial limitations, whose benefits every citizen, irrespective of class or creed, might enjoy.

The organizers were unanimous that it should be a *free circulating* Library. They were confident, that for its establishment and future developement they could count on the united generosity and public spirit of the wealthier English-speaking citizens. When once a successful tentative effort had placed beyond doubt its opportuneness, they were fully convinced that all would rally to its support.

The proceeds of an Afternoon Tea, given at the Queen's Hall, in the Spring 1889, by Mrs. Thomas McCarthy, Miss A. T. Sadlier and Miss M. J. Gethin, assisted by a number of Lady Promoters, enabled the Committee to make the first purchase of books. The management was entrusted to this same committee under a President responsible to the Sacred Heart Union.

The MONTREAL FREE LIBRARY thus organized, and, to a limited extend equipped, was opened on October 4th, 1889, and its satisfactory working from the outset exceeded the most sanguine expectations of its projectors.

Beginning with a few hundred volumes, the Library went on increasing from year to year, thanks to the generosity of private benefactors, and to the yearly Afternoon Socials. It has now close on to four thousand volumes on its shelves, comprising the very best works obtainable in almost every branch of literature, as this new Catalogue will testify. The present yearly circulation is fifteen thousand. These figures will show what a want the MONTREAL FREE LIBRARY filled, and what a promising future it has before it if encouraged. Up to the present time, the Library has had to depend entirely on the Afternoon Teas, and on occasional gifts from private citizens. It is highly desirable that some other source of revenue, less precarious in character, should ensure the growth and permanency of this truly noble work.

It is the intention of the Committee to keep abreast of the times by supplying the public with every newly published readable book. But it should be perfectly understood by all, that works, to which any exception may reasonably be taken, have no place on the shelves of the MONTREAL FREE LIBRARY. The Committee is aware that this rule will exclude a certain class of writers whose names are well known in the library world. But the Committee feel that it would not be doing its duty to the public of Montreal were it to circulate freely, in thousands of homes, works, be they ever so perfect from a literary stand-point, which make little of moral delinquencies, or have a tendency to weaken Christian faith.

The religious portion of this Library is, of course, thoroughly Catholic, but as books are not obtruded upon visitors, and as each one is free to make his own selection, those who are not of our creed, have all the other sections of

the Library from which to draw. We know, however, that many, whose views and convictions are widely divergent from our own, are sometimes at a loss for reliable information as to the real belief of Catholics, or how they deal with certain controverted points of history ; to such every facility will be cheerfully afforded in their investigations.

Visitors will, no doubt, be pleased to see that since the issue of our last catalogue, in 1892, the Library has been enriched with so many standard works, not a few of which are of great value. With the consciousness that its efforts in the past have not been in vain, the Committee, on its side, is stronger in the resolve to carry on the great work, and to spare neither time nor trouble to make this FREE LIBRARY a real benefit for the City, and one which, with years, will grow in usefulness.

Montreal, November 16th, 1895.

DONATIONS

The Library Committee gratefully acknowledges the following donations :

Mrs. Alexander Shannon, 1,480 very valuable volumes, 1,180 of which will form the nucleus of a Reference Library soon to be opened to the public.
